Angel Stone takes a player to a middle-aged European country with legends from the Bible. Here, the human world is attacked by evil forces, when nightmares cover every dream, the line between the human world and hell gradually fogs away. Hearing pleas in the hopeless of mankind, the heavenly world sent an army of angels to earth to help. However, amid the chaos at the time, from the ranks of the gods who seemed a traitor, he closed the only door connecting the celestial world and the human right. This caused the connection between the angels and the power of light from heaven to break. Since then, evil forces have prevailed in the war and darkness has surrounded the world.
